**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a user Sonic for my Internet service. I really like this service. It has been utterly reliable and affordable. I am a senior citizen living on social security. The competition allowed for the birth of Sonic and other smaller providers has made it possible for me to have this service.

The big corporations hike prices on a regular basis, BECAUSE THEY can. The capitalist system relies on competition to keep costs in check for those who are not in the top 1%.

Keep America Great by continuing to allow competition in our new digital world. You will be making a lot of citizens happy especially this senior citizen! Listen to the users who are making all these providers trillionsaires. Do what is right for the majority of US citizens, not just the privileged few.
